

GLAVAL TITAN II LF

Ramping Up with the Titan II LF

Whether it's a wheelchair passenger, business professional or an elderly rider, the Titan II LF completely eliminates that need for steps to enter or exit the vehicle. This low floor kneeling bus utilizes the rugged Chevy G4500 chassis platform

along with a heavy duty "Purpose-Built" floor structure by Spartan Chassis. The low floor offers multiple layout options, hundreds of upgrades and the capacity for up to 5 wheelchair positions.
