

You can *hear* the quality.

Peds ICU Transport

Life Line offers a sea of tranquility when conditions are extreme.

Extreme conditions call for something more. You know how important hearing B/P and lung sounds can be. And a smooth, stable ride in less than ideal conditions can make a critical difference. Life Line's Peds / ICU transport is designed to deliver every critical difference you need in the most extreme situations.

- Interiors provide the ultimate in safety and convenience, but go a step beyond with the ability to customize your colors and materials for an extra level of comfort.
- Every unit features Life Line's industry leading LifeGuard 850™ electronic controls with full programmability and optional dual rear touch panels that minimize provider movement.
- Life Line Peds / ICU units are built to an ultimate standard, using the same care and attention to detail you'd find in the finest, handmade automobiles.
- Life Line ambulances are designed by EMTs for EMTs. That means you find we pay uncommon attention to the details that make your life safer and easier.

Life Line engineers maintain a relentless focus on interior layouts and features that provide secure seating with easy access to the patient and all of the equipment you need in transit.

Every Peds/ICU unit is a carefully planned, custom creation tailored to your needs. Life Line interiors are designed with input from working professionals to maximize convenience, freedom of movement and safety.

Life Line's Peds / ICU units feature thoughtful, user-defined benefits and many interior options:

- ★ Temperature controlled cabinets
- ★ Redundant electronic safety systems
- ★ Redundant patient care systems
- ★ Removable action / attendant seating
- ★ Air quality control systems
- ★ All controls & storage are within easy reach

When it comes to layout, you call the shots. We'll work with you to include everything from the convenient features you've always wanted to bright, colorful interiors that turn your Life Line interior into a patient-calming oasis.
